

New Source Review newspaper advertisements for construction permit applications, October 11, 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following dates: October 9-11, 2018. Public notices are generally published every week. The previous publication of public notices was October 4, 2018.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

HEADER

The applicant is Caymas Boats, LLC with a mailing address of 13 Bluegrass Drive, Ashland City, TN 37015. They seek to obtain an air contaminant permit (Division identification number 11-0110-01 / 974704 for construction of a boat manufacturing operation located at 13 Bluegrass Drive, Ashland City, 37015. This proposed operation would consist of gelcoat and resin application areas, painting, coating operations, sanding / grinding operations, and associated equipment used to produce fiberglass reinforced boats. Exhaust filters control system would be used for control of particulate emissions. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Cheatham County “Ashland City Times”, Publish on Wednesday, October 10, 2018.

HEADER

The applicant is B.T. Redi Mix, Inc. with a mailing address of P.O. Box 662, Brownsville, TN 38012. They seek to obtain an air contaminant permit (Division identification number: 27-0277-01/974955) for construction of a Concrete Batch Plant at 2202 Gibson Wells Road, Humboldt, TN 38343. This proposed operation would consist of a concrete batch plant, gravel stockpiles, sand stockpiles, a silo, and associated equipment used to produce transit mix concrete. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Dolzen is the assigned Division person.

For the Gibson County “Milan Mirror-Exchange”-- Publish on Tuesday, October 9, 2018.

HEADER

The applicant is Town of Greeneville with a mailing address of 200 N. College Street, Greeneville, TN 37745. They seek to obtain an air contaminant permit (Division identification number: 30-0303-01/73948) for modification of an Air Curtain Destructor located at 1555 Old Stage Road, Greeneville, TN 37745. This existing operation consists of a 3-phase electrically powered fan with a refractory lined burn-container and associated equipment used to burn clean lumber, wood waste, and yard waste. The requested modification is to increase the amount of material burned from 2,100 to 4,000 tons per year. Because of the amount and type of emissions, the use of pollution control

equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Greene County "Greeneville Sun"-- Publish on Thursday, October 11, 2018.

HEADER

The applicant is Sevier County Highway Department with a mailing address of 125 Court Avenue, RM 304E, Sevierville, TN 37862. They seek to obtain an air contaminant permit (Division identification number: 78-0022-01/974978) for a Rock Crushing Operation at 139 County Garage Road, Sevierville, TN 37876. This existing operation consists of a jaw crusher, cone crusher, screen machine, and two conveyors used for crushing and sizing rocks. Wet suppression is used for pollution control. There would not be physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Dolzen is the assigned Division person.

For the Sevier County "Mountain Press"-- Publish on Thursday, October 11, 2018

HEADER

The applicant is Hurt Seed Company, Inc. with a mailing address of 1210 Industrial Road, Halls, TN 38040. They seek to obtain an air contaminant permit (Division identification numbers: 49-0134-01/974898) for a Grain and Seed Storage Facility located at the same address. These existing operations consist of receiving pits, elevator legs, storage bins, and associated equipment to process grains and seeds. A cyclone is used for pollution control. There would be physical construction. Regulated air contaminants are emitted by these sources. Mr. Jim A. Attar is the assigned Division person.

For the Lauderdale County "Lauderdale County Enterprise"-- Publish on Thursday, October 11, 2018.

HEADER

The applicant is Mississippi Limestone Corporation with a mailing address of P.O. Box 252, Friars Point, MS 38631. They seek to obtain an air contaminant permit (Division identification number: 84-0084-01/974813) for construction of a Portable Concrete Batch Plant Operation located at 10319 Richardson Landing Road, Drummonds, TN 38023. This proposed construction would be to replace the currently permitted portable concrete batch plant equipment with upgraded equipment consisting of one (1) storage silo, conveyors, a batch type mixer, and associated equipment used to produce ready mix concrete. A Baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Dolzen is the assigned Division person.

For the Tipton County "Covington Leader"-- Publish on Thursday, October 11, 2018.

HEADER

The applicant is Missouri Smelting Technologies, Inc. (MOST) with a mailing address of 355 James Lawrence Road, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0286-07/74861) for installation of a natural gas-fired melter/holder furnace at the same address. The proposed new furnace will be designed with low-NOx burner technology. There would be physical construction and regulated air contaminants would be emitted by this source. Mr. M. Ahmed is the assigned Division person.

For the Madison County "Jackson Sun-Daily"-- Publish on Thursday, October 11, 2018.

HEADER

The applicant is Bodine Aluminum, Inc. with a mailing address of 301 James Lawrence Road, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0284-01, 02, 03, 04, 05 and 06/74943) for modification of their existing permitted aluminum casting operation located at the same address. The machines/equipment for these production lines include molten aluminum holding furnaces; high pressure die casting machines; heat treatment ovens; machining lines; shot blast stations and finishing

cells. Dust collectors are used to control particulate matter emissions. There would be physical construction and regulated air contaminants would be emitted by this source. Mr. M. Ahmed is the assigned Division person.

For the Madison County "Jackson Sun-Daily"-- Publish on Thursday, October 11, 2018.

HEADER

The applicant is Wacker Polysilicon North America LLC with a mailing address of PO Box 446, Charleston, TN 37310. They seek to obtain an air contaminant permit (Division identification number: 06-0282-06/ 74939) for modification of existing trichlorosilane and polysilicon production operations located at 553 Wacker Blvd. NW, Charleston, TN 37310. The production of trichlorosilane and polysilicon will be increased to allow for future production capacity increases of both polysilicon product and amorphous fumed silica. A scrubber is used for air pollution control. There will not be any physical construction. Regulated air contaminants (particulate matter and hydrogen chloride) are emitted by this source; however, it is anticipated that the modification will not result in an increase in air contaminant emissions from the source. Mr. John Trimmer is the assigned Division person.

For the Bradley County "Cleveland Daily Banner" -- Publish on Thursday, October 11, 2018

HEADER

The applicant is Maplehurst Bakeries, LLC with a mailing address of 105 Duke Drive, Lebanon, TN 37090. They seek to obtain an air contaminant permit (Division identification number: 95-0359-01,03,04,09 &10/74808) for modification to their existing electric fryer lines and construction of two (2) new electric fryer lines and one hard wheat silo located at the same address. This proposed operation would consist of silos, electric fryers and associated equipment for yeast and frozen dough production. A dust collector would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person.

For the Wilson County "*Lebanon Democrat*" -- Publish on Thursday, October 11, 2018.
